About SACE

- Southern Alliance for Clean Energy (SACE) has been seeking global warming solutions to ensure clean, safe and healthy communities throughout the Southeast for more than 20 years.
- Since its formal inception in 1985, SACE has grown from a small group of individuals into a dynamic organization, with five offices across the Southeast and initiatives at federal, state and local levels.
- SACE is committed to preserving, restoring and protecting our environment through innovative technology, public education and advocacy.
